

REMARKS

Applicant thanks the Examiner for the Notice of Allowance and Examiner's Amendment. Applicant agrees with the substance of the Examiner's Amendment, with the minor differences as reflected in the accompanying claim amendments, which Applicant believes help more clearly to delineate the subject matter.

Since a number of small specification amendments were made during the course of prosecution, Applicant also takes this occasion to submit a substitute specification. The accompanying marked copy shows all changes, as compared to the published specification. No new matter has been added.

Respectfully submitted,

/Ronald Abramson/
